### **LMW REMINDS IRRIGATORS ABOUT PAYMENT ARRANGEMENT OPTIONS**

Lower Murray Water (LMW) Managing Director, Ron Leamon, has today advised irrigation customers who may have been affected by the recent receivership of Clynes Dried Fruit operations that they can approach the Corporation to discuss options for payment of their water accounts if they are having or are expecting financial difficulties as a result of this unfortunate event.

“We understand that our customers who supplied fruit to Clynes may be facing a situation where their payments from the dried fruits processor will be affected.”

“We suggest that these customers consider making contact with LMW’s rating section to discuss payment arrangements which may assist in paying water accounts over a longer period.”

“This is part of LMW’s normal service available to all customers. We are always willing to discuss and plan payment arrangements with any customer who is experiencing a situation of defined hardship.” Said Mr Leamon.

Customers wanting further information can make contact with Lower Murray Water on 50513400
