Facsimile (03) 5450 3967

3. CONDITIONS FOR GRANTING EXEMPTION TO WET BUILDING FOUNDATIONS

- Of primary importance, an application for exemption shall not be approved unless a professional engineer has been consulted, and has provided specific advice, in writing, for the need and methodology required to undertake the structural wetting process. A copy of the engineer’s report must be attached to your application.
- A plan of your proposed system, clearly indicating any off-set distances from building and structures, must also be attached with your application.
- Upon approval being granted by Lower Murray Water (LMW), and the subsequent installation of your wetting system, LMW officers must inspect the works prior to commencement of the wetting process.
- The period of exemption will be commensurate with advice provided by the consulting engineer and any relevant provisions of the Water Act & By-Laws.
- The exemption is granted **exclusively and specifically for the stated purpose only**.
- At the discretion of LMW, a data logger will be installed on your water meter to monitor subsequent usage.
