

WaterNow Ordering Rule Changes

1. Cooling off period

Some changes to orders will be possible for a limited time (the cooling off period) after an order is placed or edited.

Changes to which the cooling off period applies are described below.

Cooling off period is 1hr.

Blue Zone Ordering

There is no exemption from the Blue Zone ordering rule during the cooling off period.

Customers may only place one order overlapping the last hour on the last white day of the ordering grid every 4 days. **No more orders may be placed within the 4 days even if that first order is deleted.**

2. Changes to Editing/Deleting of Orders

After the cooling off period, the following apply.

Yellow on the ordering grid

The ordering grid will be coloured yellow for the hours where an order was deleted or edited outside the cooling off period. **No further orders can be placed where an order was deleted or shortened.**

Attempts to place an order overlapping hours coloured yellow on the grid will be rejected.

Delete an Order

Tick Delete box and click on Del/Edit.

The ordering grid will be coloured yellow for the hours where the order was deleted.

Current orders for outlet									
Start				Finish

Edit Orders ONLY

Receipt No: 414937

Start Date(s): 23

Start Time(s): 12

Hours:

Flow(s): **in (l/s)**

Shift Number(s):

Submit (ONE click only and WAIT)

Start Date(s): May not be changed.

Start Times(s): May not be changed.

Hours: An order may be extended once.

Another order may be placed after an existing order.

An order may be shortened repeatedly by reducing order duration (Hours).

Hours taken off the end of the order will be coloured yellow on the ordering grid.

No further orders may be placed overlapping yellow on the ordering grid.

Flow(s): Flow rate may be increased or decreased repeatedly.

Shift Number(s): May be changed.

Del/Edit Warning Message

A message reminds customers that some changes to orders are irreversible.

Click OK to proceed.

Click Cancel to go back to the orders screen.
