CONDITIONS

The Owner must comply with each of the following conditions:

1. LMW Backflow Prevention Containment Policy

The Owner must comply with the LMW Backflow Prevention Containment Policy and the Legislations and Standards as noted in the policy.

A copy of the Backflow Prevention Containment Policy can be obtained by emailing backflow@lmw.vic.gov.au

2. Installation

Installation of Backflow Prevention Device must comply with AS/NZS 3500 requirements. If Installation does not meet these requirements, it will be the owner's responsibility to arrange a licenced plumber to correct the device and supply a Backflow Device Test Report tested by a backflow accredited plumber showing installation requirements have been met.

3. Annual Testing

The owner must ensure that the Backflow Prevention Device is tested annually by the due date and by a backflow accredited plumber, in accordance with the manufacturer's instructions.

4. Reporting and Records

- a) The Owner must ensure that the results of each annual test are sent to Lower Murray Water within 20 days of testing being undertaken. Backflow Prevention Device Test Reports can be emailed to backflow@lmw.vic.gov.au
- b) The Owner must also:
 - Keep a record of the date and details of any maintenance work and each annual test; and
 - Make that record available for inspection at the request of a representative of Lower Murray Water.

3. Acceptance

To be signed as an agreement by the owner or Authorised Agent to comply with the above conditions. The Authorised Representative will be a person with authority to commit the Business/Company to agreements.
